**CIVIL LAWSUIT**

**Now Comes petitioner Tyrone Lee**, appearing pro se, to hereby file this instant civil lawsuit against the above named parties for unethical practice while in office. This honorable court has jurisdiction to entertain this proceeding pursuant to Title 28 U.S.C. 1331 Federal Question. Petitioner hereby request of this court to not hold him to the same strict compliance of presenting this motion to the court as those drafted by an attorney.

### **STATEMENT OF THE CASE**

On June 24, 2021, charges were filed against petitioner in Juvenile and domestic Relation District Court located in the county of Isle of Wight Virginia. Count one charged petitioner with violating Va. code ASL-1315-M1 Assault on family member and count two charged petitioner with violating va. Code ASL 1347-FS a class six felony. Petitioner was denied bond by Magistrate judge Rachell L. zollweg, The court based its denial of bond based upon testimony provided by defendant Deputy A. Parsain, of the Isle of Wight County Sheriff Department. Petitioner was then transported to the Western Tidewater Regional Jail awaiting preliminary hearing.

Petitioner shall demonstrate to the court each violation committed by all defendants in each proceeding. (1) Isle Of Wight Sheriff Department. Deputy A. Parsain filed a false request for emergency protective order to magistrate judge Rachel L. Zollweg for the protection of petitioner's wife Mrs. Kerryann T. Lee. Deputy A. Parsain in his report informed the magistrate judge of Mrs. Lee's inability to file a protection order for her own protection under Va. Code 16.1-253.1 or 16.1-279.1. The magistrate judge (Defendant) denied petitioner bond based on the testimony of defendant deputy A Parasin statement instead of petitioner's right to bond under Virginia's law. This deputy was never under oath in the presence of the petitioner, instead the magistrate and deputy made their decision to deny bond jointly behind closed doors.

Petitioner objects to both numbered subsections by reason of "No weapon was used by petitioner to cause harm to Mrs. Lee. (2) Under no circumstances did Mrs. Lee's health enabled her to file charges against the petitioner. Deputy A. Parasin coerced testimony from Mrs. Lee by telling her "Your husband filed a statement against you" alleging petitioner used a weapon to cause bodily harm to Petitioner's wife. This type of falsifying documentation to any judicial officer would classify petitioner as an animal which would warrant separation and protection from the complainant until further evidence is discovered by a judicial official.

On or about May 04, 2021 Petitioner contacted Isle of Wight Sheriff office complaining of the constant harassment of deputy Parasin, this defendant would harass my child by stopping him and asking my child "where do you live" after watching him come out of our residence at 205 Kenny Ln in Isle of Wight county. In another encounter, the defendant stopped my son again going to the mailbox and asked him where do he live while other kids were in the area but of a different race (Caucasian). Defendant Parasin abused his position of a deputy by constant surveillance of my residence all through his shift. Moreover, the defendant contacted friends of another jurisdiction ( Suffolk) to assist him in his harassment. Jointly, these officers would park in front of my residence, exit their vehicles and enter my property, looking through each lower level window without permission from homeowners (Petitioner and Mrs. Lee). This type of misconduct is in direct contravention of the constitution, i.e. Fourth Amendment. Therefore, Isle of Wight County is liable for the misconduct of its officials.

The record should also reflect that deputy A. Parasin (Defendant) failed to Mirandarize the petitioner during the arrest. **See, Miranda v. Arizona, 384 US 436 (1966).**

The court held that a defendant cannot be questioned by police in the context of a custodial interrogation until the defendant is made aware of the right to remain silent, the right to consult with an attorney and have the attorney present during questioning, and the right to have an attorney appointed if indigent. These warnings stem from the Fifth and Sixth Amendment privilege against self incrimination and the Sixth Amendment right to counsel. Without a Miranda warning or a valid waiver of the Miranda rights, statements made may be inadmissible at trial under the exclusionary rule, which prevents a party from using evidence at trial which had been gathered in violation of the United States Constitution. Petitioner was not advised of such Constitutional safeguard while no waiver of rights can be presented to this court through documentation presented by the defendant or its recorded device i.e. bodycam. This honorable court should place defendant's on judicial notice of constitutional violations and order trial to determine the severity of each defendant's misconduct.

### **JUDICIAL AND PROSECUTORIAL RELATIONSHIP**

Petitioner presents factual meritorious allegations to this court concerning the father and son relationship between presiding judge and commonwealth attorney. Throughout each proceeding both parties formed a concrete wall of conviction that no defense attorney could not penetrate with articulation. However, plaintiff successfully filed his complaint of this relationship with the American bar association along with the Office of Professional Responsibility alleging the unethical relationship between both defendant's practicing law in the same courtroom. Petitioner demanded in his complaint, (1) The removal of the presiding judge. (2) Change of venue. (3) disbarment of both family members, and (4) Bond granted due to violations. On August 04, 2021, bond was granted, August 31, 2021, charges were dismissed against the petitioner. The prosecutorial functions of a municipal attorney in any way affect or bar criminal defense practice so as to limit his professional office relationship. As a municipal court judge may not serve on the staff of a prosecutor in any county. This exception does not apply to Isle of Wight (JDR), the unethical practice in this courtroom under review is perfected while counsel for defendants remain silent and allow the misconduct to commence. Under the constitution no two court officials can practice law in the same courtroom, this father and son relationship generates no room for successful outcome. The conviction rate in Isle of Wight (JDR) courtroom is greater than one hundred percent under this type of unethical practice. Under no circumstances should a defendant's docket sheet contain the names of related officials. As stated above, a municipal court judge may not serve on the staff of a prosecutor in any county including Isle of Wight. Both defendants but not limited to (Judge and Commonwealth Attorney) destroyed the structural foundation of the petitioner's family with unlawful incarceration, falsifying arrest documents to obtain a conviction, harassment, jeopardizing petitioners employment. Petitioner request of this court to place this civil action on its docket for trial, the merits presented are ripe for adjudication by this court and deserves presentation to a Federal grand jury for its findings

Pursuant to **Fed.R.Civ.P. 38,39 and 40**. An appropriate order shall issue.

**GROUND ON WHICH RELIEF CAN BE GRANTED.**

Petitioners civil suit presents meritorious factual claims of judicial and prosecutorial misconduct in direct contravention of the constitution pursuant to the Fourteenth Amendment. Presiding judge and prosecuting attorney are bias in case against the petitioner due to the father and son relationship. This type of relationship in cases involving imprisonment is indeed against the laws of the United States whether charges against any person is a felony or misdemeanor. It's quite obvious that this type of unethical practice in Isle of Wight County (JDR) has a very long history of both defendants conspiring to violate laws of the United States along with the rights of those who were convicted by the dynamic duo, i.e. judge and commonwealth attorney. Both defendants placed the Isle of Wight County Judicial branch in jeopardy of liability for their misconduct in the action of the **Commonwealth of Virginia V. Tyrone Lee**. The petitioner hereby request of this court to remain neutral and unbiased and allow him to exercise his rights to face his accuser under the Sixth Amendment of the constitution in this court should a trial commence. Relief shall be granted based upon petitioners presented argument to the court surrounding the unethical relationship of presiding judge and commonwealth attorney (Defendants).

Next, the corruption of Magistrate judge and deputy of Isle of Wight county sheriff department plays a very important role in the judicial process. In this case, both defendants are being accused of filing false felony charges against the petitioner. As outlined herein, the magistrate judge denied bond based upon testimony of arresting officer totally disregarding petitioner's qualification of bond. Petitioner demonstrates the harassment of deputy Parasin in prior contact. Relief can be granted by this court for the following misconduct.

1. Arresting officer failure to Mandarize Petitioner during arrest.
2. Magistrate judge failed to consider the petitioner's qualification of bond.
3. Deputy Parasin harassment as outlined herein by allowing another county {Suffolk} to assist him during the property search of plaintiff's residence.
4. Magistrate Judge conspired with Deputy Parasin in the denial of bond by accepting his coerced testimony of petitioners wife,
5. Presenting false documents to the Magistrate Judge i.e. arrest warrant and separation order.
6. Defendant's failure to read charges to petitioner at preliminary hearing .
7. Unethical practice of law between both defendants (Father and Son) in the same courtroom attempting to control the outcome of certification to Superior court. And.
8. Any other relief this court deems necessary.

**Respectfully Submitted.**

### CIVIL LIABILITY

Accepting liability by defendant plays a very important role in this civil proceeding due to the humiliation plaintiff suffered from defendants misconduct and personal infliction of incarceration through hate and retaliation. Plaintiff holds Isle of Wight County liable for their employees misconduct while in office. Therefore, it is a severe monetary penalty of **\$2.5 Million Dollars** that plaintiff demands.

Respectfully Submitted.
